

ELECTRICAL CONTINUING EDUCATION CLASS REGISTRATION!

Services and Overcurrent Protection for Electrical Trainees, Electricians, and Administrators

October 5th & 7th, 2020 from 5pm-9pm both nights

Course # 2019-344

Association Members \$75.00 Non Members \$100.00

Non-refundable sessions for no-shows due to limited seating & growing wait lists.

FACE COVERINGS REQUIRED AT ALL TIMES IN THE FACILITY AND IN CLASS!

This 8-hour course will provide a basic understanding of services and overcurrent protection as it applies to electrical installations in the HVAC industry. The life/safety applications and protection value of correct installation.

COVID update: This session will be basic classroom "social distance style" within our facility at 204 E. Nora Ave, Spokane, WA. Soon we will be offering more classroom sessions and ZOOM sessions. LNI now allows online live-lecture sessions for electrical trainees. This may or may not continue after 12/31/2020. Classrooms and ZOOM sessions are limited to 15 people per session at this time.

Please fill out your information and email to staff@inwhvac.org fax to 509-747-8845 or call HVAC office to register at 509-747-8810. See our website at www.inwhvac.org for more information.
